

SHIELDED TODAY. READY FOR TOMORROW.

Personalised Door Lock solutions that keep your space safe in more ways than one.

ESmart
DOOR LOCK

Note:

- In line with our commitment to continuous improvement, we reserve the right to modify product design, specifications, and pricing without prior notice.
- Images in this brochure are AI-generated and intended solely for visualization. Actual product may vary in design, size, colour, finish, and installation context.
- One lock. Fits both right and left hand door installations.
- 4 AA batteries are not included in the package.
- Colours shown in this brochure may differ from the actual ones due to printing variations.

SECURE YOURSELF THE SMART WAY

Redefine how you secure your spaces with our **Esmart Door Locks**, blending advanced technology and sleek design. Each series offers enhanced security, intelligent control, and effortless convenience. The Imperia series delivers a fully automatic locking experience with **7 access modes**, while the Regalia and Crest series provide semi-automatic functionality with **5 access modes**. Extending this series, the Sync Pro series also offers solutions for sliding doors, bringing smart security to every corner of your space.

PALM RECOGNITION

Ebco Esmart locks use the unique patterns of veins inside a person's palm to identify and verify individuals. It enables contactless unlocking and delivers reliable performance, remaining unaffected by your hands' condition whether sweaty, dusty, or pigmented.

FACE RECOGNITION

Unlock your door with just a glance. The advanced face recognition technology ensures seamless access, elevating both security and convenience in your home or office. It's a lock that knows you.

LIVE VIEW SCREEN

See who's at your doorstep with instant alerts on your mobile, wherever you are. Every visitor is captured and shared with your registered mobile via the Ebco Smart+ app. Receive real-time notifications with a clear outside view, giving you complete awareness and control at all times.

CAMERA-EQUIPPED SMART LOCK

When a visitor arrives and presses the doorbell, with a real-time display you can see who's at your door. The camera automatically switches on to capture and provide a wide-angle view of the visitor, so you always know who's outside.

FINGERPRINT ACCESS

One touch is all it takes. Powered by intelligent biometric technology, fingerprint access delivers fast, accurate recognition—offering secure, keyless entry tailored exclusively to you.

PASSWORD ACCESS

From private spaces to high-traffic environments, password access adapts effortlessly. The advanced anti-peep feature allows you to enter random digits before or after your password, ensuring complete privacy even in the presence of onlookers.
